

ASSURES THE POWERS  
OF GOOD INTENTS.

(BY DIRECT WIRE TO THE TIMES.)

SHANGHAI, March 1.—[Exclusive Dispatch.] The native press and Peking telegrams report that the Chinese government has decided to instruct its ministers abroad to assure the powers that there is no cause for uneasiness in the present situation, and that there are no signs of an anti-foreign movement.

While it is admitted that there is no apparent disposition to encourage overt acts of hostility, as in 1900, nevertheless the general unrest throughout the country is directly due to the government's unmistakable support of the policy of "China for the Chinese," the most aggressive manifestations of which are indulged, if not directed by the officials.

The watchword, as shown in recent memorials and regulations of the Wu-Pei and the Board of Commerce is to keep the foreigners at arm's length, an attitude reflected in every provincial yamen, and the policy of the

government is significantly indicated by the extraordinary promotion of the Shanghai Taoist Yuan. This notorious corrupt official, whom the consular and diplomatic bodies regard as primarily responsible for the Shanghai riots, now appointed Governor of Peking, the meaning of which appointment outweighing all assurances, is fully appreciated by Chinese.

VICTORIA (B. C.) March 1.—Mail advises that a feature of the Chinese national movement, as first indicated by the boycott, has been the establishment of a Chinese independent Christian church, the movement being organized to cut entirely the foreign missionaries. A Chinese Presbyterian pastor from San Francisco is at the head of the movement at Shanghai, where \$10,000 was subscribed for the organization of the campaign fund for the Chinese independent church.

NANCHANG MASSACRE  
FOLLOWED A RIOT.

(BY THE ASSOCIATED PRESS.—A.M.)

SHANGHAI, March 1.—Following account of the recent attack on foreign missionaries at Nanchang, a city of 1,000,000 inhabitants, has been received.

"Fifteen Methodist, twelve English Protestants and fourteen French Catholic missionaries were in this city last Thursday night, when the French Catholic missionaries had a quarrel with an official over a suit for the possession of property."

"Great excitement prevailed" Friday. A mass meeting was held Saturday and was followed Sunday by a riot, during which the property of the Catholics was burned. The priests took refuge in the adjoining house of Mr. Kingman. The house was burned, the six priests and two of the Kingman family were killed.

**CHINESE GAVE PROTECTION.**  
The Chinese government attempted to check the riot, and rescue the missionaries. The members of the Methodist mission, aided by Chinese soldiers, their school-girls to Chinese homes in the city, and Chinese soldiers. How and Kahn from a hospital. All took refuge in mid-river, in a launch furnished by the Chinese. The launch waited until Chinese soldiers brought the remaining missionaries at daylight Monday. The launch reached Kiangling Tuesday. The wounded Kingman died on the way.

"Chinese could have blocked the passage of the launch during the two hours journey down the narrow, shallow river, but they were friendly."

"Guinness, a Methodist, remained at Nanchang to protect property. He is under the protection of the government, and is probably safe. Lewis wired Consul-General at Shanghai, Sunday, warning of the disaster, and wired the facts to Bishop Bashford Monday. Capt. Fletcher, commanding the United States gunboat in the Yangtze Valley, after a consultation with the British Consul-General, the gunboat El Cano from Nanking to meet the fugitives at Kiangling or Peking Lake. They were met at Kiangling."

**CATHOLICS BLAMED.**  
The cause of the riot was local. Serious blame attaches to the French

Catholics. Chinese friendly to the missionaries object to priests exercising civil functions. There is much discussion in the Chinese press as to no indication of a general uprising against foreigners."

**ROGERS REPORTS SAFETY.**  
(BY THE ASSOCIATED PRESS.—A.M.)  
WASHINGTON, March 1.—Mr. Rogers, the American Consul-General at Shanghai, in a cablegram to the State Department received today, says: "Definitely known American property at Nanchang is safe; refugees Kiangling."

**THEY'RE SEEING THINGS.**  
BIG CHINESE CAN LEARN.  
(BY THE ASSOCIATED PRESS.—P.M.)  
SEATTLE (Wash.) March 1.—In a personal letter, today, to the Great Northern Steamship Company, Prince Tai Tseh and his excellencies, Shan Chi Hong and Li Sheng To, Imperial Chinese commissioners, announced that they will go to Seattle to inspect their European studies, and sail on the Dakota from this port to Shanghai.

Members of the commission and their attaches spent the morning, today, running about Seattle in motor cars. Tai Tseh has been out of Peking, but once, when, in 1906, he fled with the Empress Dowager during the Boxer trouble. His Excellency, Shan Chi Hong, formerly acting governor of Shan Tung province, has never been outside his home country. The tour of the city in motor cars and the visit they paid to the business and residence district gave the most personal view of the city in its history.

A formal invitation from a committee of New Yorkers to visit that city has been accepted by the Chinese commissioners, and they will meet them in New York. The commission wants to spend most of its time in Chicago at the stock yards, to satisfy a desire to know of American packing methods. China is a heavy buyer, and may become a better customer for American meat and the commission's visit to the stock yards will be of an official character.

SAN FRANCISCO, March 1.—W. S. Allen, Canton agent for the Sperry China Company, arrived on the Hongkong Maru today, having been recalled on account of the paralysis of the firm's Chinese business since the boycott, stated that the situation in Canton is very serious. He said: "The principal element in the agitation over there is the newspaper correspondence. The Chinese newspapers have progressed wonderfully. They are at last alive to the general situation of affairs throughout the world, and the anti-foreign feeling. Foreign residents of Canton, he says, are living in constant fear of a violent outbreak. He declares the strength of the boycott in Canton is due to the fact that it is being encouraged by Chinese in America, the greater number of whom came from Canton province."

(BY DIRECT WIRE TO THE TIMES.)  
PITTSBURGH, March 1.—[Exclusive Dispatch.] "I intend to return to China and resume missionary work," said Rev. Frank Chalfant, at his home on Meadow street, today. "It is hard to tell what will be the outcome of the existing Boxer troubles, but I am not concerned in that. We have a work to do in that country, in spite of the danger that may surround us. Missionaries must risk all things, and I propose to resume my duties there in spite of the conditions that now exist."

Rev. Chalfant, who has been a representative of the Presbyterian Board of Foreign Missions in New York. He has been engaged in missionary work for a number of years, and is now known as a foreigner having been granted a leave of absence about a year ago. He will make his headquarters at Wauson.

"China will be before the public eye for years to come," continued Rev. Chalfant. "It would not be surprising if the present situation would develop into a general revolution throughout the country. The anti-foreign movement is strong. The Chinese government are doing everything in their power to excite the lower classes of people."

**FEVER WILL SPREAD.**  
"Although the area of disturbance is now confined to the southern part of the country, the fever of dissatisfaction will spread to all quarters. At present, there is no cause for alarm regarding the Boxer movement. Foreigners are doing everything in their power to excite the lower classes of people."

**MRS. EAMES NAME.**  
The effort of Mrs. Henrietta Eames to offer an amended court-bill in her divorce litigation with her husband, John H. Eames, was blocked on a technicality, today, but will probably be allowed tomorrow. Allegation is made that Mrs. Eames for six months after her marriage went by her previous name on the representation of her husband that if his marriage became known to a prominent society woman he would be killed. The name of the woman referred to is given in the amended bill.

BOMB, NOT  
GAS, CAUSE.Mystery of Bradley Explosion  
Cleared Up.San Francisco Man Was  
Marked for Death.Orchard's Confession Places  
Crime on Miners.

(BY THE ASSOCIATED PRESS.—P.M.)  
SAN FRANCISCO, March 1.—It developed here tonight that a San Francisco mystery of two years ago has been touched upon in the confession made by Harry Orchard, now imprisoned at Boise, Idaho, on the charge of having murdered former Gov. Steunenberg.

According to Orchard's confession as received here, the "inner circle" at the Western Federation of Miners had plotted the assassination of every prominent man connected with the employment of miners in the famous Cour D'Alene mining strike, and that one of the attempts to commit murder took place in this city.

November 17, 1914, Frederick W. Bradley, superior of Boulder Hill and Sullivan mines, was living in a city in a flat at No. 1100 Washington street. He had just returned from a five-month trip to Europe. Bradley opened his front door to step into the street to go to his office. As he was opening the door he ignited a match to light a cigar.

Instantly, a terrific explosion followed. Bradley was hurled into the street, badly burned and bruised. He was so severely hurt that for a time it was feared he would die. A gas leak had been detected in the building, and the only plausible theory advanced at the time was that the explosion was the result of a gas leak ignited by the lighted match.

Numerous disorderly church manifestations are taking place in the provinces of France, involving frequent clashes between troops and manifestants, but there have been no serious incidents.

Ralph Earl Sampson, son of the late Admiral Sampson, today reentered the United States Naval Academy. Young Sampson was recently dropped from a higher class on account of deficiency in studies but was at once reappointed.

At Waterville, B. Caransa knocked out Jack Burke of Santa Cruz in the tenth round in what was scheduled as a twenty-round contest.

At Philadelphia last yesterday destroyed the storage and distributing plant of Armour & Co., at the corner of American and Morris streets. The loss is estimated at \$100,000.

At Sacramento the District Court of Appeal yesterday granted the application of L. H. Sullivan for writ of habeas corpus and ordered him released from the Shasta county jail.

The United States transport, Kilauea, and the transport McClellan, having the First Infantry on board, arrived at Valletta, island of Malta, yesterday from Gibraltar on the Manila route.

At San Jose front fell yesterday morning, but reports from all sections of the valley are to the effect that no damage was done. Apricots are now showing freely and peaches are following.

The battleship Texas, with Admiral Dashiell on board, and the torpedo boat Dupont and Porter, which called at New Orleans for the carnival, sailed yesterday to rejoin the squadron at Pensacola.

A breakage of her steering gear caused the steam schooner Redford, on route to Astoria and San Francisco, to run ashore in Columbia River Tuesday night opposite St. Helena. It will be necessary to unload her cargo to float her.

The Appellate Court rendered a decision yesterday affirming the judgment of the trial court of San Joaquin county in the case of Joseph T. Wambler and Adella Wambler against A. R. Wilbur, E. L. Haddock and the Stockton Savings Bank.

The body of Mrs. William Hyman, 69 years old, was found yesterday in the ruins of the Williamson (Pa.) Opera house, which was destroyed by fire last Tuesday night. It was supposed that every person had gained the street in safety.

For three days a high wind, varying in velocity from thirty to forty miles an hour, swept the coast of Kansas. The air is filled with dust, giving the sky a leaden hue. It is the worst dust storm that western Kansas has had since the days of the hot winds.

Dr. George Hampl, professor of ophthalmology and general linguistics in the University of Michigan, has accepted the invitation to occupy the chair of Germanic languages at Stanford University, which was vacated last summer by Dr. Julius Goebel.

The tug Daniel Willard, which left Gloucester, bound for York, Me., Tuesday night, struck rock off Cape Cod Breakwater yesterday and sank. Three of the five men on board are believed to have been drowned. Two were rescued by the life-saving crew from Pigeon Cove.

## MEN'S SUITS

### READY-AND-RIGHT

The "hurry-up" sort of a man who likes things finished in a twinkling and dead right at that—what about him? He comes to the Silverwood stores for a ready-to-wear suit.

More than ready-to-wear. We call it "ready and right." If you're willing to be surprised, slip into a suit and see how every flimsy little detail has already been worked over and brought to full perfection.

Does this same kind of clothing go forth from Tom's—Henry's—William's? Just at Silverwood's—that's all.

Friday in the main floor annex we start a curtain sale of great magnitude; in fact, the biggest event of this kind we have ever held; we've searched the markets of the country in order to secure the cream of the leading manufacturers, and we'll start the sale with fully 5000 pairs of all kinds of curtains in both Arabian and white. They come 50, 54 and 60 inches wide and 3 and 3 1/2 yards long. There are over 250 distinct styles to select from. The illustration herewith shows a few of the patterns. This is an exact reproduction. The regular values range up as high as \$3.00. Don't let anything keep you away from this sale; be here promptly and supply your future needs, for an opportunity of this kind only comes at great intervals. For convenient choosing they are divided into four groups, all at the uniform price of \$1.00.

## ORCHARD TESTIFIES BEFORE GRAND JURY.

(BY THE ASSOCIATED PRESS—P.M.)

BOISE (Idaho) March 1.—Harry Orchard, the man said to have fired the bomb that killed former Gov. Steuneger, is tonight testifying before the grand jury at Caldwell, Idaho, in the case of the murder of Steuneger. Orchard was arrested on January 1, 1935, after being taken to the Idaho state prison at Boise. He was taken to Caldwell today to testify before the grand jury. His examination was not complete and it was decided to keep him there. The trial was thought to be an improper place for him and he was taken to the hotel. The greatest secrecy is maintained about the proceedings of the grand jury. Nobody is permitted to approach the hall where the jury sits, and the prosecution has succeeded in guarding every particle of its information. Those who appeared before the grand jury at the morning session were Detective Andy Johnson of Boise, who was one of the first to arrest Orchard; State Chemist Macy, who has analyzed various substances found in Orchard's room; George A. Foshman, former Mayor of Caldwell; and James McFarland, the detective.

## SAY THE DOCTOR BURNED HOUSE.

GRAND JURORS CAUSE ARREST  
OF AN OHIO PHYSICIAN.

G. W. Whitney, M.D., is linked in their investigations with the Williams County Band of Firebugs. Frank Wright is pursued in West Virginia for Aiding in Murder.

TOLEDO (O.) March 1.—[Exclusive Dispatch.] Dr. G. W. Whitney, formerly a prominent physician of Alverton, was arrested and brought to Bryan yesterday, charged with arson. This statement is but the brief introduction of the unearthing of a gang of Williams county firebugs, whose depredations, it is believed, took place in the early 1930's.

The investigation has been going on for some months. It is hinted that this new find is somewhat linked with the old ones. The Williams county grand jury has been in session for some time, and last week reported three indictments. Four more were returned yesterday. Just what numbers of these cases are being handled is not known, but it is believed that the reason for the arrest is that he is against prominent local people who have as yet not been named.

Acting under the early returns of the grand jury, Sheriff Bert Ames arrested Dr. Whitney yesterday at Monaca, Ashland county, where he removed a few years ago. It is alleged specifically that he burned his residence in Alverton, Williams county, in April, 1931, and received \$500 insurance.

OPEN GAMBLING SUPPRESSED.  
LID IS ON IN SAN FRANCISCO.  
(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, March 1.—The visitors to the gambling place opened Monday night were punished this morning in Police Court, a fine of \$5 being imposed on each. One of the owners, Daroux, was fined \$100, and a fare dealer and player paid the same amount into the treasury. All pleaded guilty through Daroux's attorney. Daroux then told Dist. Atty. Langdon that he had had enough of it in San Francisco and would not reopen his resort in Anna Lane.

The District Attorney declared in court that he had accomplished the object of his attack on the gambling joints, as he had suppressed the vice of gambling openly in San Francisco. The gambling nickel-in-the-slot machines, he said, have been driven out of the city.

A number of saloon-keepers were arrested yesterday for using slot machines and paying in money. The machines were found under a city ordinance legalizing and licensing them. The District Attorney announced that the operation of the machines was not withstanding, he intended to enforce the city ordinance.

RACE WRIGHT IS PURSUED.  
(BY DIRECT WIRE TO THE TIMES.)  
FAIRMONT (W. Va.) March 1.—[Exclusive Dispatch.] Frank Wright, who had been in jail since January, was charged of assisting his wife, Mrs. Helen Payton Wright, in the murder of her former husband, Jacob N. Payton, at Mannington, W. Va., last July. Wright was arrested on a charge of assisting his wife in the murder of her former husband, Jacob N. Payton, at Mannington, W. Va., last July. Wright was arrested on a charge of assisting his wife in the murder of her former husband, Jacob N. Payton, at Mannington, W. Va., last July.

HELD UP BY THUGS.  
FARMER WRIGHT'S LUCK.  
(BY DIRECT WIRE TO THE TIMES.)  
EAST LIVERPOOL (O.) March 1.—[Exclusive Dispatch.] Abraham Wright, a wealthy farmer living at Darlington, Pa., just over the Ohio State line, was held up by thugs this morning while on his way to Beaver to pay off the mortgage on his farm. Concealed in his undershirt was several thousand dollars in bills, which was to give him a clear title to the land.

He had gone only a few miles from home when the highwaymen stopped him and demanded his money. Wright fought desperately, but when one knocked him down another went through his pockets and secured only some change.

CRIME BRIEFS.  
Hoch's Body Disinterred.  
CHICAGO, March 1.—The body of Johann Hoch, who was hanged last Friday and buried in the potter's field adjoining the poor farm, was today disinterred and removed to Elmwood cemetery. Revs. A. Schlechter and A. J. Burkholder, who were with Hoch at his hanging, interested themselves

## DEATH BY INDIGESTION

A Long Train of Fatal Ills Is The Direct Result of Undigested Food.

Undigested food, by fermenting, forms a poison in the stomach, and this is absorbed in the blood. If this goes on very long, and your heart happens to be weak, you'll be found some morning dead in bed, or you may fall back down the stairs about an hour and a half after dinner, and the doctor will call it heart disease. Yes, that may be the result, but not the cause. The cause is indigestion. Indigestion is a simple, common word, but it has a terrible import.

And so you may get apoplexy, and die suddenly while you're standing. If you have a weak liver, the poison of undigested food will attack and you will get jaundice. If you have weak kidneys, you will get Bright's Disease or diabetes, from which there is no rescue for any man.

It was a learned physician who said that the progress of a race depended upon the stomach of its members. And you have at some time in your life eaten a heavy meal, or eaten in a hurry, and felt that "lump of lead" immediately afterward. That lump of lead is a hard ball of undigested food. The stomach can't digest it and finds it hard to throw it out. It sits there, and it makes you sour and everybody sour who talks with you. It gives you a bad breath and is building for you the road to dyspepsia and death, unless you stop it.

Stop it with Stuart's Dyspepsia Tablets. Just think, these little tablets are every bit as powerful as the gastric juice in your stomach. One grain will digest 3,000 grains of food. Isn't this wonderful? And it is true, just try it, and prove it.

If you have any brash, gas on the stomach, fermentation, burning, bloating, indigestion, dyspepsia or heartburn, Stuart's Dyspepsia Tablets will make it disappear before it can do any harm to your heart or other organs.

They will invigorate the stomach, relieve the stomach of two-thirds of its work and give it a chance to rest. They will increase the flow of gastric juice, and if you will ever "live" in your lifetime, it will be after you have eaten a good, hearty meal, and taken one of these little tablets immediately afterward. You'll just feel fine.

Stop it with Stuart's Dyspepsia Tablets after your next meal today and you will use them ever afterward. You will be cheerful, vigorous and your mind will be clear; you'll have snap and vim, and add many a day to your life.

You can get these wonderful little tablets at any druggist's for 50c a package.

## Closing Out

### \$20,000 Stock Men's Clothing

The success of this sale is convincing evidence of the values offered. The stock is going fast. You'll understand the reason when you examine the clothing and see the prices placed on it. Mr. Levy is withdrawing, and wants to get out by March 15th. His withdrawal means that we discontinue our clothing department—quick selling of our \$20,000 stock. Our values were always honest—if we marked a suit \$50, it was worth \$50. Now we've cut prices a third to a half on every garment in the house. Do you see your advantage? Then come today.

**\$10 Suits \$6.45** **\$2.50 Pants \$1.95** **Save 1-3 to 1-2 on Your SUIT**  
**\$12.50 Suits \$7.95** **\$4 Pants \$2.80**  
**\$20 Suits \$13.45** **\$6 Pants \$4**

Other grades at similar reductions

You can absolutely rely upon the truth of these statements. The name Benford & Levy guarantees these reductions as genuine. The suits were especially good values at regular prices—medium weight, mostly—many suits we had purchased especially for this spring's trade. Fine fancy mixtures here—blue, black—nothing reserved. Many handsome overcoats here, too—for so little money that you'll want to buy for next winter now.

Come In Today  
Judging from the way the goods are moving, the stock will soon be sold out. Come in today—before lines become broken, and while best selections are available. It will be a long time before you have another opportunity like this.

## MARCH WEATHER

The wind, dampness and general uncertainty of March weather make it a month of extreme danger to anyone. Especially so for the rundown, overworked, brain-tired and healthful.

Duffy's Pure Malt Whiskey stimulates and enriches the blood, aids digestion, builds up the nerve tissues, tones up the heart and fortifies the system against disease germs.

Here are two exceptional letters of appreciation, the first from Mr. Ruth, who says: "Last winter I contracted a severe case of Grip, and my doctor did not save me. I was in despair. My druggist told me there was nothing like Duffy's Pure Malt Whiskey to drive the Grip out of one's system, and it was just one week after I began to use your medicine before I fully recovered from the terrible plague. I heartily recommend Duffy's Pure Malt Whiskey to every one who is suffering from Grip or colds."

W. A. RUTH, Br. degeville, Del.  
Here is the other, especially interesting at this season: "The medicine with great pleasure I write to tell you what I think of Duffy's Malt Whiskey. I sincerely believe it is the greatest medicine ever made. I took a cough this Spring, and it got bad. My friends thought I had consumption. I was as thin as a skeleton, had given up, and could scarcely live, so I bought two bottles of Duffy's Malt Whiskey. As soon as I began to take it my cough lessened, so we sent for a dozen bottles, and I am now as well as ever."

"My husband and I have been taking it all Summer. He was down with backache until he could hardly move, and now he is as well as anybody. I am stouter than I have been since we were married, and I feel good. I can do all the housework I want to do, and I am now as well as ever."

"Please send us another dozen bottles, as we cannot get along without it."—MRS. MARY PAINTER, Phoenix, Mo.

**Duffy's Pure Malt Whiskey**  
Duffy's Pure Malt Whiskey is an absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles, and richness to the blood. It is as well as anybody. I am stouter than I have been since we were married, and I feel good. I can do all the housework I want to do, and I am now as well as ever."

CAUTION—Beware of so-called "cheap" imitations. A dangerous substitute is not cheap at any price, and you cannot risk your health. There is but one Duffy's Pure Malt Whiskey and it is sold in sealed bottles only, never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and insist on getting the genuine. You can get it at all druggists and grocers, or direct, \$1 a bottle. Medical advice and booklet free. Duffy's Malt Whiskey Co., Rochester, N. Y.

## NEW YORK MEETINGS OF TRACT

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, March 1.—[Exclusive Dispatch.] Formal announcement was made tonight after the close of business, that the great traction merger by which the surface lines of the Metropolitan system and the Interborough Company are consolidated, has become operative, and the merged companies concerned have been deposited under the financial plan with the Motion Picture Company to insure its success.

As a result, the Interborough-Metropolitan Company, the new holding company, will control the surface lines in Manhattan and the Bronx, the Subway Company and the Elevated Company. The Central Railroad, August Belmont is the dominant force, and associated with him are Thomas, Hyatt and Walter G. Oakman, the president of the Hudson Company. The concern is building tunnels under the North River.

OHIO'S WOMAN AGENT.  
RESIGNED AFTER FIVE YEARS.  
(BY DIRECT WIRE TO THE TIMES.)  
CINCINNATI (O.) March 1.—[Exclusive Dispatch.] Miss Kitty Tilden, the only woman railroad agent in Ohio, today resigned her post at East Liberty after five years of service in charge of all the business of the Toledo and Ohio Central Railway at that point. Miss Tilden was station agent at East Liberty, and was appointed manager of the Western Union Telegraph office at Laurel, Miss.

TO HAUL AUSTRALIAN ORE.  
(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, March 1.—Among the passengers who arrived yesterday on the liner Ventura were three young American engineers who have been surveying for a railroad through some of the wildest portions of Australia. A. Ludwig was in charge of the expedition, and with him were J. P. Whelan and L. L. Graham. They are all in the employ of a New York firm.

The purpose of the trip is to tap a mineral belt discovered long ago by American prospectors and to bring the ore to tidewater. The mines are situated at Lilydale, in the Gulf of Queensland, district of Northern Queensland.

The railroad, the right to build which was granted by the Australian parliament, will be 125 miles long and will be built by American engineers, but the labor will be all Australian, the laws of the American unionists, but the labor will be all Australian, the laws of the American unionists, but the labor will be all Australian.

COMMISSION IS WANTED.  
(BY THE ASSOCIATED PRESS—P.M.)  
SEATTLE, March 1.—In a proposition submitted to the Corporation of the City of Seattle, today, the Chicago, Milwaukee and St. Paul Northern Pacific Railroad ask for the payment of a special commission, to be paid by the City of Seattle, to the Justice of the Court or some other official of that court to be designated by the Chief Justice; the judge of the United States District Court of the Western Washington Division and the disinterested engineer of estimate.

## Church of Blue Brick Ready to Open.

The members of the Third Presbyterian Church, on East Adams street, near San Pedro, are putting in a busy week. On Tuesday evening the first service was held in their handsome new chapel which is to be formally opened Sunday. This congregation, which was formed in 1884, disposed of its property at Sixteenth and Hill streets last July for \$15,500 and bought two lots on East Adams street, where it immediately began building one of the handsomest churches in the city. The chapel is now finished. It cost \$20,000 and is of blue brick with interior finishings of Oregon pine stained dark, with chairs, desks and pulpits to match. It is not too much to say that this chapel is the most perfectly equipped for Sunday-school work of any in southern California. By an ingenious electric bell system it is so arranged that the superintendent can summon any officer or class in the chapel by simply pressing a button which sends off a buzzer in the locality where he is in the basement, up in the pastor's study, or in any class room. There are ten individual class rooms perfectly equipped, and a room for missionary meetings with a dumb waiter connecting with the kitchen below. All the departments are accessible by the chapel auditorium which is a semi-circular shaped, with galleries above and electric lights. Carpets are laid and yesterday the finishing touches were made. Sunday morning the pastor, Rev. Samuel T. Montgomery, will preach the first sermon in the new chapel and at 10 o'clock in the afternoon there will be platform service participated in by the Presbyterian ministers of the city. Rev. W. D. Lendle of the West-ern Presbyterian Church, Dr. J. M. Brown of the Second Presbyterian Church, and Rev. J. R. Smith of the Third Presbyterian Church, will be the guests of the pastor. The church is a fine example of modern architecture and is a credit to the community.

## GOING TO PARIS FOR Y. W. C. A.

GENEROUS FRIENDS WILL SEND MISS TATHAM THERE.

Los Angeles General Secretary, Delegate to World's Congress, Will Study Work in This Country and Abroad—Four Thousand Membership Mark Passed in a Hurry.

It was announced at yesterday's board meeting of the Y. W. C. A. that, through the generosity of a few personal friends of the general secretary and of the association, Miss Tatham will be sent to Paris as a delegate to the World's Congress of the Y. W. C. A. The announcement of this reality on the part of these loyal friends was received with great enthusiasm by the delighted members of the board, who realize fully just what this will mean to the local association.

TO STUDY CONDITIONS. Dr. Coffey Appointed Assistant Health Officer Without Salary to Make Sanitary Investigation.

That Dr. T. J. Coffey may have an opportunity to go "alumining" in Los Angeles, the Board of Health took steps last night to create the office of Assistant Health Officer. A requisition will be presented to the Council asking for an ordinance to make an office into which Dr. Coffey may conveniently slip. The position will be without salary, as the doctor desires merely to study the sanitary conditions of Los Angeles.

After the hearing of the usual reports the board endeavored to straighten out the case of Henry Reich, the late milkman who refused to allow Dr. Fowler to inspect his dairy. Reich will not be able to deliver milk until he comes to terms.

Meat Inspector Hughes was granted a ninety days' leave of absence, and John P. Nelson was appointed temporary inspector.

Your California trip will not be complete unless you plan to stop at this famous resort town in San Francisco. City office 215 S. Spring street.

Hotel Del Monte.

MISS CORA TATHAM, General Secretary, Y. W. C. A., who represent the Los Angeles Association at the World's Congress in Paris.

Miss Tatham will leave for Paris April 11 and will sail from New York May 2. She will be given opportunity to visit other associations in Europe and abroad and will be in Los Angeles about the middle of July. She will make a special study of building and equipment with direct reference to the needs of the local association, which will soon begin its new building. She will visit the Pratt building in Brooklyn, the Teachers' college in New York and will study the work of the local association in London where there are 140 different branches of work from ten to twenty centers each developed along lines adapted to locality.

Miss Tatham, educational secretary of the local association, will be accompanied by Mrs. Z. D. Deane and Mrs. E. P. Bobbysell. The board of managers yesterday afternoon sent Mrs. Deane as the association's delegate to the Capitol conference, the first ten days in April. Mrs. Deane will also go and Miss Grace Max-son will be the business secretary of the association.

The club of the association will send a representative, Mrs. Louis Kimball, and Miss Maude Kimball, a typical association girl, will go. It is expected that there will be all fifty delegates from Los Angeles and the surrounding suburban communities.

A great place was reserved at the entrance to the Y. W. C. A. building, announcing the fact that the association has reached 4000 members and that but seven-

## THE CITY IN BRIEF.

They'll start today.

### NEWS AND BUSINESS.

Takes It All.

M. W. Everhardy has bought out his partner, C. V. Wreden and will hereafter own the Palace market retail and wholesale.

**Gadski Going North.**  
Mue. Johanna Gadski will not sing at the Busch-Scharrer nuptials. Accompanied by her husband, Herr Tauscher, her daughter, Lina, and her servants, the prima donna started north late last evening. She will sing in Fresno and San Francisco.

**Bruschi Acquitted.** who has been on trial in the United States District Court for horse smuggling, was acquitted yesterday afternoon. Argument was concluded at noon, and the jury was out a little more than three hours, finally returning a verdict of not guilty.

**Twenty Thousand for Acreage.**  
E. P. Vernon & Co. has sold for George Miner to James Milhouse, ten acres on Vermont avenue and Fifty-first street, for \$20,000. The price is known as the Mary Phelan tract. It lies about one-quarter of a mile outside the city. The improvements are very nominal. It is bought for subdivision.

**Seeds for School Gardens.**  
Seeds for the garden work in the public schools will be distributed this afternoon at 3 o'clock at the following places: The College Settlement at Alhambra and California streets; the Bethlehem Mission and at the Church of the Neighborhood on East Ninth street. The seeds will be for sale at a penny a package.

**Oratorical Association.**  
An oratorical association has been organized at the Polytechnic High School, with the aim of promoting student interest in debate and platform exercises. Yesterday afternoon the association elected officers. The president, Andrew Gifford, vice-president, Kara Potter, secretary and treasurer, and John Beck, sergeant-at-arms.

**Involuntary Bankruptcy.**  
The San Francisco creditors of A. H. and O. G. Dixon of Fresno, who do business under the firm name of Dixon Bros., have brought involuntary bankruptcy proceedings in the local Federal courts. Dixon Bros. are allegedly insolvent, with total assets falling up somewhat of dollars less than the debts against them.

**Where Is "Puncho"?**  
Francisco Urquides, aged 54, and known as "Puncho," has disappeared from the home of E. R. Plummer, No. 1302 Harvard boulevard. He has been gone since Wednesday, and yesterday Mr. Plummer became worried and reported to the police for aid in locating him. He is of medium size, has a gray beard, and walks with a limp.

**Burdette Tonight.**  
The largest audience to greet a lecturer this season is expected to here Rev. Robert J. Burdette tonight in Simpson Auditorium. The advance sale is very large. Parties holding exchange tickets should get their seats today at No. 113 South Spring street. Rev. Mr. Burdette will give his best-known lecture, "The Rise and Fall of the Mustache."

**Symphony Concert.**  
The fourth concert of the Los Angeles Symphony Orchestra will take place at 8:30 o'clock this afternoon in the Mason Opera-house. Mr. Hamilton will present Mozart's "Kaiser March," Tchaikovsky's "1812" overture and Grieg's "Peer Gynt" suite. Tom Karl, who will be the soloist, will sing "Quando l'ave," from Donizetti's "Luisa Miller."

**Car Victim's Condition Better.**  
James Martin, colored, who was injured in the collision between two cars on the University blue on Estrella avenue near Twenty-first street Wednesday, will recover unless unexpected developments appear. He lay some time beside the street unattended before being removed to the Woodside Hospital. He is suffering from severe bruises, but it is thought he will be able to leave the hospital soon.

**Hamilton Claim Rejected.**  
Louise M. Hamilton's application to eject land on the extension of Terminal Island in San Pedro's inner harbor has been rejected. The applicant has been allowed thirty days in which to set forth and establish the public character of the tract, and in the meantime the local Chamber of Commerce will investigate her claims.

**Wholesale Misdirections.**  
An astounding total in misdirected mail matter was received at the Los Angeles postoffice during February, the entire number of wrongly-sent pieces being 26,542. Every one was put on its right road on an endeavor was made to put it there—in searches including the city directory and both telephone directories. Of this amount \$2,366 pieces were forwarded to points outside the city, and 14,176 were delivered by carrier. During the month there were 14,177 changes of address.

**More Postal Clerks.**  
Twenty-five new clerks in the local postoffice are promised, so runs the word from Senator Flint to his brother, who presides over the great mail station at Seventh street and Grand avenue. It is said that fourteen more carriers will be added to the force. The President has signed the order known as the "deficiency bill," which appropriates \$60,000 for extra postal expenses. Los Angeles will get a share, and keep Stations N and O open at least another month. The money-order department at the main office will be open in the evening.

**For Bride and Groom.**  
Levy's was the scene last night of a quiet, informal spread given by some of the men of the business office of the Times in honor of Arthur L. Fish, San Francisco representative of the Times, and his bride, who are attending a portion of their honeymoon in Southern California. Mr. Fish's excellent work in the San Francisco field has won the admiration of his associates here, and this was for some of the participants the first opportunity of meeting their guest in an informal way. The repast was so enjoyable and the company so pleasant that few realized the lateness of the hour when the standing toast to the bride and groom was called. Those present were Messrs. Baum, Dennis, Downing, Fish, Smith and Miss Adams; Messrs. J. Baum, Brock, Downing, Fish, Kaffenberger, L. R. Smith and Spear.

### The Folly of the Flatiron

You can press shape into suits. But you can't press permanence into the shape. That has to be sewn in. Worth has to be worked into a suit just the same as it has to be worked into anything else. The swagger shape of a Brauer-Krohn suit is the child of the needle—not that of the flatiron. It's something that's there to stay. The fabric will wear out. That's why there is a certain something of distinguished style about a Brauer-Krohn suit, even when it is three or four years old. New Spring styles arriving daily. ## MAN FROM BERKELEY TAKES SCHOOL HELM.

WITH the superintendency of the city schools all cut and dried and tucked away in its waistcoat pocket, the Board of Education sat down to its adjourned session yesterday afternoon.

Everybody in the room understood the situation when Prof. Foshay walked in and sat down along the wall among the spectators. The astute board had

city of California, acting in the full capacity during a year's absence of Prof. Howison; he has been in his university eight years and has for a portion of the time done work in the pedagogical department; he is dean of the summer school at Berkeley and has recently declined an invitation to lecture before the same institution at Yale; he is also president of the State Board of Charities and Corrections. He

Prof. Ernest C. Moore, new Superintendent of Schools of Los Angeles.

not only settled the question as to the man, but they had it all carefully figured out how they were going to beat the city charter.

Prof. Ernest Carroll Moore of Berkeley is the man chosen, but he cannot yet come into his full title, though he comes into the full salary as soon as he takes up his duties. He was elected Second Assistant City Superintendent, the rules of the board having dictated upon the subject of the election by resolution. Prof. Moore was then elected to the place and in the morning was included the stipulation that he shall be elected superintendent as soon as he becomes a legal resident of the city.

W. C. Patterson, in moving the acceptance of the resignation of Prof. J. A. Foshay, prior to offering a complimentary resolution concerning the retirement of Mr. Foshay, said he performed the first part of his duty with great reluctance.

Charles Carat Davis arose immediately upon the adoption of the resolutions and stated that to him had been delegated the duty of reporting to the board the results of the election. In doing this Mr. Davis stated that they had considered many names for the position and all were in good standing for the position in every respect, and that it was with some difficulty they had finally arrived at a solution of the problem, though without in any way detracting from the qualifications of any man whose name had been considered.

In announcing that Prof. Moore had been chosen, Mr. Davis gave a brief sketch of the man. He is about 25 years of age and is assistant professor of philosophy at Berkeley, the University of California.

At that point the surface of Fourth street is to remain as at present.

The City Engineer stated that the grade in this proposed tunnel, will be only eight inches in the 100 feet.

The object lesson which the Third-street tunnel has given in the great increase in valuations of property has been taken to heart by the Fourth-street projectors, and they are enthusiastic for the proposition.

At last night's meeting there were favorable expressions from numerous prominent men in the Los Angeles business world. Among other larger property owners strongly in favor of the project are H. W. Hellman, J. H. Brady, O. T. Johnson and Mr. Garland.

DOUBLE-RIGGED COW.

Wonderful Animal With Bag on Back and One Under Body Brought to Town.

Will a cow with two bags, one beneath her body and the other on top, twice as much milk as an ordinary cow with only a single outfit? This is the question before Ben Robbins of No. 247 West Thirtieth street. He has one of these fully-equipped new-style cows.

The animal, now 8 months old, is a fine Jersey, perfectly formed and healthy, except that it carries a second bag with four udders on its back. This bag is a duplication of that in the regulation place under the body. The bag on the back forms the end of a fleshy growth about a foot long, of oval cross-section, and about six inches in greatest diameter, which grows out just forward of the root of the tail.

The calf was born, and yet it has been very healthy, having grown and developed rapidly. Men who have had years of experience with cattle say this is the queerest and most wonderful freak they have seen, and they are watching the development of the animal with great interest.

THIRD HOTEL FOR HARTS.

Hart Bros. of the Natick and Rosslyn have bought the lease and fixtures of the Hotel Lexington on Main street, near Fifth. It is a five-story building of 140 rooms. The price was \$25,000.

## FORTY VOTING PLACES ADDED.

Changes All Over County in the Redistricting.

Only the Eighth and Ninth Wards Unaffected.

No Political Advantages to be Discerned.

Under the redistricting of the voting precincts of Los Angeles and Los Angeles county, the Board of Supervisors has provided for 244 precincts, instead of the 224 maintained heretofore.

Most of the changes have been in Los Angeles, and within this municipality only two wards, the Eighth and Ninth, have escaped change. In the county, two new judicial townships have been carved out; and Long Beach, Santa Monica and Pasadena have each received new redistricted precincts on account of recently-added territory.

The general lines of a majority of the precincts have been changed, so that voters will find they must look sharp if they would be posted on the precinct in which they now reside.

The city and county precinct maps were in great demand yesterday. Politicians have already begun the fascinating study of new conditions, with the hope of discovering that the new lines will be favorable to some particular combination.

However, if there is any significance of this sort attached to the new lines and the new precincts, no one seems able so far to have uncovered it. These rearrangements generally are based on increase of population, or convenience of voters in reaching their polling places.

It is said that "way up in La Liebre precinct there have been points where the voters must take three days' time if they wanted to cast their ballots. They must spend a day in getting down to the polling place; then, if they were any sort of politicians—and La Liebre claims some pretty keen ones—they had to spend the day at the polls; and the third day was necessary for them to travel back again, around the great mountain apura to their valley ranches.

For the convenience of these voters the Supervisors have taken a strip off of the south side of La Liebre precinct and added it to the Newhall precinct.

Within the city of Los Angeles there have been created thirty-one new precincts, giving a total now of 139.

In the county there have been added twenty-six new precincts.

In all these changes it was necessary to keep each section of territory within its old Supervisorial and Assembly district—there was no opportunity for "gerrymandering," had there been the inclination. These districts are outlined by the State Legislature, and there can be no change in them until after the next Federal census in 1910.

In the First Ward there are no new precincts established, but the territory is more evenly divided. The law provides that the precincts be based as nearly as practicable on a calculation of 200 voters for precincts with changes in population in various sections of the city has made it necessary to figure out many new precincts.

In the Second Ward the territory of three precincts is changed. The Third Ward shows the boundaries of ten precincts changed, and five remain as before.

All of the territory in the Fourth Ward lying west of the old city boundary has been subject to changes. Out of this there have been carved four precincts, instead of the three which formerly existed. In the easterly portion of this ward there have been new precincts established along Figueroa street.

The territory shows that the Fifth Ward territory lying west of Hoover street is changed. Under the old regime there were six voting precincts; now there are ten.

In none of the city wards have there been so many changes as in the Sixth. There are now eight precincts in the ward, instead of sixteen, the old number. Only four precincts in the ward remain unchanged. The Seventh Ward had fifteen voting precincts; now it has twenty-one. In the Eighth and Ninth wards there were no changes.

Because of the annexation of a part of the Alamitos district to Long Beach city there are now eight precincts there instead of the six precincts maintained heretofore. Monterey subject to changes from one to three precincts. Redondo Beach advances from one to two.

Santa Monica has also added new territory, and out of that city there have been carved eight precincts, instead of its former three. In the city of Whittier there will hereby be five precincts instead of one; and at Pasadena, because of the annexation and general growth, the eight voting places have expanded to fourteen.

This redistricting provides for new divisions to be known as follows:

Alhambra precinct composed of parts of precincts 1 and 2 of North Pasadena—all that was left of North Pasadena precinct after the annexation of a part of the territory by Pasadena city.

Santa Dimas precinct is formed from a portion of precinct 1.

Vernon city precinct is carved out of portions of Fruitland and Montebello takes what is left after Vernon city is established. The Montebello precinct takes all the district north of the Santa Fe Railway, which was formerly included in Fruitland precinct.

Watts precinct is another new one—formed from Compton No. 1 and Florence.

A new judicial township to be known as Gardens township has been formed out of Gardens and Moneta precincts. A justice of the peace and a Constable will be elected for this township at the next regular election.

A new judicial township has also been formed out of a portion of San Fernando district, to be known as Lankershim township.

Del Rey precinct is a new subdivision, formed from parts of Bonanza, Hyde Park precincts; and Ivanhoe is formed from parts of Glendale and Lankershim precincts.

The First Methodist town of Herman, on the east side of the Arroyo Seco, has been set off from Eagle Rock precinct, and will hereafter be known as Herman precinct.

Notwithstanding the recent purchase of voting machines by the city, with the expectation that every precinct would be so provided at the next general election, there will still be a considerable number of precincts which will have to depend on the old form of polling.

The registration books are now open at the Courthouse, and within a few days a large force of deputies will be in the field to secure the registration of voters.

## DREAD PERIL HOVERS OVER THESE GIRLS.

THREE pretty American girls well known in Los Angeles, Miss Jennie B. Hughes, Miss Hortense F. Long and Miss Elsie Stites, are in Central China, surrounded by hostile hordes of heathen, and shut off from communication with the outside world. They spent part of last winter here and in Pasadena.

Grave fears are entertained, as a let-

known to members of the Methodist Church, and especially to those of the Epworth League, where she spoke on missions several times and of her intention to go to China. Several interesting social affairs were arranged in honor of the young woman by admiring friends in the Crown City.

Miss Jennie B. Hughes is a graduate of Rutgers College, Pa. On September 22 she spoke at a missionary reception

Group of missionaries well known in Los Angeles, who are now in Central China, scene of fiercest rioting. Friends have been unable to communicate with them and their fate is unknown. Left to right, Jennie B. Hughes, Elsie Maud Stites, Dr. Li Bi Cu, and Miss Hortense F. Long.

ter addressed to Miss Long failed to reach its destination and was returned to the sender in this city. Before leaving for China Miss Long expressed to Los Angeles friends a desire to penetrate into the heart of China. Her friends expressed a determination to take up the work in Nanchang province, now the seat of uprising. Friends of Miss Stites believe her to be in imminent peril, as she was to be located in a small mission on the outskirts of civilization, and at the present time, they have met the fate meted out to many girl missionaries during the Boxer riots, international complications will undoubtedly arise, and China may have to pay in blood for the sacrifices.

Miss Elsie Stites is a Boston girl. Her father, who died recently, was Rev. Nathan Stites, and he had been for thirty-five years a missionary in China. His example fired the beautiful daughter with a desire to devote her life to the country to which the best years of her parent's life were given.

On Saturday afternoon, September 22, the young women, accompanied by Dr. Li Bi Cu, a Chinese medical missionary, left here for San Francisco, and on the following Monday boarded the steamer Manchuria for China.

Until the safety of the young women is assured by definite news from the interior of China, there will be many anxious hearts in this country. Should the gentle girls have dared to face direct danger because they are confident in faith that God will protect them even in the wilds of inner China. Their blood is that of the heroines of the Christian faith.
